5602 SW Lee Blvd., Lawton, Oklahoma 73505 | 580.531.4700

There is nothing that our dedicated team holds more sacred than the honor of serving this community and being entrusted to take care of our friends and neighbors. As one of this area's essential providers of healthcare and as a large employer, our hospital is proud to call this community home. We are proud to have joined ScionHealth, a national health system dedicated to excellence and empowering care for health providers in our community. In addition, we are thankful for partners like you who help us to advance our mission of providing great healthcare to our community and creating a place where great physicians and caregivers want to work. Thank you.

— Elizabeth Jones, CEO

In 2021, we...

...added 25 employed, affiliated and telemedicine providers

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high quality care. This year, we added providers in hospital medicine, pediatrics, OB/GYN, cardiology, behavioral health, emergency care, nephrology and teleradiology.

...made more than \$6.8 million in capital improvements

By continually investing in our facilities, we're helping to ensure that we continue to meet our community's healthcare needs. This year's investments included a new cardiac catheterization lab, a new CT scanner, and new surgery towers and cameras.

...distributed a payroll of \$42,070,343 to approximately 500 employees

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high quality care and service.

...donated more than \$15.5 million in services to those in need

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

...paid \$5,317,984 in taxes

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.

We officially opened our new cardiac cath lab in September to enhance access to interventional cardiology services.

We partnered with Cameron University and the CU Foundation to help provide a National Fitness Campaign outdoor court.

SPONSORSHIPS AND DONATIONS
