Southwestern Medical Center has been a part of the Lawton and Fort Sill communities for 115 years – we literally have a history of leadership in delivering compassionate, skilled healthcare to the family, friends and neighbors who come through our doors each day. We are honored to be entrusted with such care, and embrace our responsibility

and mission of achieving high-quality outcomes and exceptional patient experiences.

In the process of delivering better health and wellness, we also strive to be a civic leader, be it through charitable care or contributing to charities. This report details the many benefits – often beyond our hospital walls – Southwestern contributes to its constituents and communities. As our branding says, we want you to be well and live well. That's why we're here.

Thank you for choosing Southwestern and for allowing us to be your partners in better health and a better Lawton/Ft. Sill.

Sincerely,  
Adam Bracks, CEO  
Southwestern Medical Center

### 2022 SUCCESS SPOTLIGHT

**Inviting the best possible providers** into our community and supporting them is essential to ensuring access to high-quality care. In 2022, we added 31 providers in Oral Surgery, Urology, Dental, Ophthalmology, Radiology, and Pediatrics.

**By continually investing in our facilities,** we're helping to ensure we continue to meet our community's healthcare needs. Last year, we spent \$1.0 million in capital improvements, including investments in a CT (medical imaging) replacement and a new health information management (HIM) medical records scanning and archiving system.

**We strive to create an environment where talent is recognized,** job satisfaction is valued and our employees can effectively use their skills to provide high-quality care and service.

**In 2022, we provided more than \$8 million in services to those in need** but without the means to pay for their hospital-provided healthcare.

**We are proud to be a leader in the Lawton-Ft. Sill area,** and our dedication to ensuring fiscal responsibility extends to both our hospital and to the communities and people we serve.
